Declaring that "large discretionary powers should be left to the localities," Harrison countered with the statement that this quesion should be decided upon by the people. "There should be no forced consolidation." he said.

In the poll, the citizens favored consolidation, 128 to 31, "if such will offer better educational advantage and is practicable from the standpoint of roads and distance."

VOTE FOR DAVID CASTLES FOR SHERIFF

SECOND TERM

To The Voters and Citizens of Navarro County:

It has been impossible for me to meet and see each voter personally. I therefore take this means to solicit your vote and influence in the Democratic Primay, Saturday, July 24th as a candidate for a sec-

I sincerely appreciate the vote given me two years ago. I have endeavored during the past eighteen months to serve you and to fulfill the trust placed in me by the people of Navarro County by diligent law enforcement. If elected as your Sheriff for a second term, I feel that the experience that I have had will enable me to make you a better Sheriff these next two years.

You have honored my opponent with four terms, eight years as your Sheriff, immediately preceding my election two years ago. You paid him during that period of time some Thirty Eight Thousand (\$38,-

000.00) Dollars. When my opponent was elected he assured the voters that he only wanted to serve two terms. Now he is asking you to defeat me for a second term and elect him for a fifth term.

I feel that I am entitled to your sincere consideration for a second term as your Sheriff, and if elected, I will at all times endeavor to serve to the satisfaction of all law abiding citizens of Navarro County. Your vote for me for a second term in office will be sincerely appreciated. Respectfully submitted,

DAVID CASTLES
